HERE'S HOW YOU'LL HELP

Volunteers improve the quality of the services we provide to the community. Through one-on-one, small group and mentoring activities, they can provide unique experiences and support for our youth that would otherwise be unavailable.

Volunteers provide skill-based opportunities to our students and families. Many volunteers bring a wealth of life and professional experiences when they volunteer with our students and community members. We aim to incorporate these skills to expose our youth to a wide range of skills, perspectives, and professional growth opportunities.

Volunteers support programs that we could not otherwise offer. Thanksgiving Boxes, Summer Reading Buddies, and various other projects are volunteer-led initiatives that allow us to reach dozens of families throughout the year.

ABOUT PETER PAUL

Peter Paul is a comprehensive outreach and community center serving Richmond's East End since 1979. Our mission is one of empowerment through education: to support the neighbors of the East End and educate its students, equipping them to serve as positive contributors to their families, community, and society.

Our programming includes:

- After-School Academy
- Summer Promise
- Promise Family Network (which hosts an array of events for parents, caregivers, and their families)
- Community Food and Resource Distribution
- Z-LIFE (workforce development initiative for young adults age 18-26)
- Senior Program ...and more!
